HIGHLIGHTS

New application procedure: New in 2007, if you want to apply for an antlerless permit you MUST apply online at wildlife.utah.gov beginning at 8 a.m. on May 23, 2007, and ending at 11 p.m. on June 19, 2007. Applying online is quick and easy, but if you have questions call (801) 538-4700. American Express, Discover, MasterCard and VISA credit and debit cards are the only accepted methods of payment. Drawing results will be available by June 29, 2007.

Change to hunting age: As a result of changes made during the 2007 General Legislative Session youth ages 11 and 12 may apply for antlerless deer, antlerless elk, and doe pronghorn permits this year. However, the permits are not valid until the hunter's 12th birthday. Youth ages 11 and 12 may not apply for limited entry permits or antlerless moose permits. See page 4 for details.

New license fees and regulations effective July 1, 2007: The purchase of a hunting license will be required before applying for or obtaining big game, cougar, bear, turkey or sportsman permits. See page 4 for details and new license fees.

Bonus points available: Bonus points are available for antlerless moose. See page 9 for details.

Preference points available: Preference points are available for antlerless deer, antlerless elk and doe pronghorn. See page 9 for details.

Multiple elk permits: You may obtain two elk permits provided one or both of the permits are antlerless, but only one antlerless elk permit may be applied for or obtained in the drawing. Eligible persons may purchase additional antlerless elk permits after the drawing. See page 10 for details.

A person may obtain two elk permits in any one of the following combinations:

- (a) one bull elk permit and one antlerless permit;
- (b) two antlerless permits; or
- (c) one hunter's choice permit and one antlerless permit.

For the purposes of obtaining two elk permits, a hunter's choice elk permit is considered a bull elk permit.

Hunter orange: Hunter orange must be worn when any centerfire rifle hunt is in progress in the same area, including CWMUs and extended archery areas.

Attention archery elk hunters: The Wildlife Board has approved hunters who obtain a general archery bull elk permit to take an antlerless elk or spike bull elk on the Plateau, Fishlake-Thousand Lake unit.

Hunt boundary maps: General reference hunt unit boundary maps, including CWMUs, are available online at wildlife.utah.gov.

Make a difference: You can get involved in the decision-making process regarding Utah wildlife management, rules and regulations by attending your local Regional Advisory Council (RAC) meetings. For more information on the RACs and schedules, visit wildlife.utah.gov/public_meetings.

Private lands: You must obtain written permission from the landowner, or an authorized representative of the landowner, to enter upon privately owned land that is cultivated or properly posted. "Cultivated land" means land that is readily identifiable as: 1) land whose soil is loosened or broken up for the raising of crops; 2) land used for the raising of crops; or 3) pasturage that is artificially irrigated.

License suspension: The Division has the authority to suspend hunting and fishing privileges if the Division deems that a wildlife violation was committed knowingly, intentionally or recklessly. Any person who is convicted of, pleads guilty to, no contest to, or enters a plea in abeyance to, a wildlife violation may be subject to administrative suspension. Notification of such action is served only after criminal proceedings have been concluded. Any Utah order of suspension may be recognized in other states that participate in the Wildlife Violator Compact.

Protection from discrimination: The Division receives federal financial assistance from the U.S. Fish and Wildlife Service and must abide by federal laws. Under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, national origin, age, disability or sex. If you believe that you have been discriminated against in any program, activity or facility, or if you desire further information please write to:

The U.S. Fish and Wildlife Service
Office for Diversity and Civil Rights Programs-External Programs
4040 North Fairfax Drive, Suite 130
Arlington, VA 22203

Division funding: The Division is funded by the sale of hunting and fishing licenses and through federal aid made possible by an excise tax on the sale of firearms and other hunting- and fishing-related equipment.

Addendum corrections: If errors are found in this addendum after it is printed, the Division will correct them in the electronic copy that is posted online. Visit wildlife.utah.gov/proclamations to view all of the Division's proclamations and guides electronically.

NEW NAME FOR SMALL GAME LICENSE

Utah small game licenses will get a new name on July 1, 2007. Beginning that day, small game licenses will be called hunting licenses. A hunting license will provide the holder all of the opportunities a small game license provided.

If you have a current 365-day small game license, don't worry, it's still valid. When it expires, you can buy a new hunting or combination license that will be valid for 365 days from the day you buy it.

For more information, call the nearest Division of Wildlife Resources office or the DWR's Salt Lake City office at (801) 538-4700.

HUNTING CHANGES

Antlerless big game hunters will be the first hunters in Utah affected by two changes the Utah legislature approved in February.

House Bill 67 lowers the age at which a young person can hunt big game in Utah. Senate Bill 161 affects the cost to hunt in the state.

For more information on these bills, please see *le.utah.gov*. Also, please see Youth age requirements on pages 7–8.

Hunting age lowered

Beginning **April 30, 2007**, hunters who are 12 years of age and older are eligible to hunt big game in Utah. If they pass Utah's Hunter Education course, hunters who are 12 years of age and older can apply for a 2007 antlerless permit.

Also, young people who are 11 years of age, but who will turn 12 before Dec. 31, 2007, can also apply for an antlerless permit. They must pass Utah's Hunter Education course before they can apply.

Hunters ages 12 and 13 may not apply for antlerless moose permits or antlerless moose bonus points. (Antlerless moose permits are limited entry permits).

Important item: Hunters must be 12 years old before they can hunt big game in Utah. If a hunter obtains an antlerless permit for a hunt that starts before he turns 12, he may not hunt during the part of the season that occurs before his birthday.

For example, if a hunter who turns 12 on Dec. 1 obtains an antlerless elk permit for a hunt that begins on Nov. 18, he may not participate in that hunt until he turns 12 on Dec. 1.

Before applying for or obtaining an antlerless permit, check the hunt tables on pages 14–22 to learn the season dates for the hunt for which you'd like to obtain a permit.

License and permit fee changes

Beginning July 1, 2007, many of Utah's hunting and fishing license fees will change. Whether you'll have to pay more—or less—to hunt in Utah depends on which licenses and permits you buy.

Also, starting July 1, you must obtain a 365-day hunting or combination license before you can apply for or obtain a big game, cougar, bear or turkey permit in Utah. If you have a current, valid 365-day small game license, it too will allow you to apply for hunting permits until it expires. Then you will be able to buy the new hunting license.

In addition to allowing you to apply for or obtain a hunting permit, a hunting license also allows you to hunt small game.

A combination license allows you to fish, hunt small game, and apply for or obtain a hunting permit.

A non-resident 3-day small game license will not allow you to apply for or obtain a big game, cougar, bear or turkey permit.

Beginning July 1, the following fees will be reduced:

	Before July 1	After July 1
Resident combination license (allows the holder to hunt and fish)	\$34	\$30
Resident deer permit	\$40	\$35
Resident elk permit (antlerless/any bull/spike)	\$65	\$45

Beginning July 1, the following fees will increase:

	Before July 1	After July 1
Resident small game (hunting license)	\$17	\$26
Nonresident small game (hunting license)	\$45	\$65
Drawing application fee	\$5	\$10

For more information, call the nearest Division of Wildlife Resources office or the DWR's Salt Lake City office at (801) 538-4700.

Are you old enough?

Due to recent legislative changes, if you are 11 or 12 years of age you may apply for and obtain an antlerless deer, antlerless elk, or doe pronghorn permit this year. However you cannot use that permit until your 12th birthday, so be sure to check the hunt dates before applying. All sales are final.

When applying for big game permits in January, keep in mind that if you are under 14 years of age you cannot apply for limited entry, premium limited entry, once-in-a-lifetime or cooperative wildlife management unit permits, or bonus points, in the drawing. However, if you are 13, and your 14th birthday falls within the calendar year, you can apply.

RESPONSIBLE OHV USE

Since more and more sportsmen are making use of off-highway vehicles (OHV) while hunting, Utah State Parks wants to remind riders of the importance of education and helmet use.

Properly fastened helmets, having at least a U.S. Department of Transportation approved safety rating for motorized use, are required for all OHV operators and passengers under the age of 18. Additionally, Utah law requires that OHV operators ages eight to 15 possess an OHV education certificate in order to legally operate a machine on public land (operators 16 years of age and older must have a driver's license or an OHV education certificate). It is illegal for any child under age eight to operate an OHV on public land.

Education classes play an important role in injury prevention by teaching young riders and their parents about safe riding, weight distribution, handling, shifting, speed, and riding within your ability.

For OHV education, registration and safety information visit stateparks.utah.gov or call 1-800-OHV-RIDE.

PROTECT WILDLIFE HABITAT

Use of certified noxious weed-free hay and straw is required on all Federal and State Trust Lands

Contact your County Extension Agent for weed-free alternatives and available sources or go to <http://ag.utah.gov> - > Weed Free Hay

Vehicles, ATVs and trailers should be weed-free upon entering Federal and State Trust Lands.

Report weed infestations to local land management office.

Utah Big Game Proclamation Addendum

Antlerless

2007

I. PURPOSE AND AUTHORITY

R657-5-1

(1) Under authority of Sections 23-14-18 and 23-14-19, the Utah Wildlife Board has established this Antlerless Addendum to the Bucks, Bulls & Once-In-A-Lifetime Big Game Proclamation for taking deer, elk, pronghorn, moose, bison, bighorn sheep and Rocky Mountain goat.

(2) Antlerless hunts, season dates, areas and drawing procedures are published herein. Hunters must comply with this addendum in addition to the general provisions, methods of take, requirements, definitions and other administrative details provided in Rule R657-5 and the 2007 Bucks, Bulls & Once-In-A-Lifetime Big Game Proclamation of the Wildlife Board.

(3) This Antlerless Addendum expires March 1, 2008, unless modified or rescinded by the Wildlife Board or the director of the Division of Wildlife Resources.

II. ANTLERLESS APPLICATIONS

A. Drawing

(1) In the Antlerless Drawing a person may obtain:

(a) one antlerless deer permit, except in areas where two-doe permits are available;

(b) one antlerless elk permit;

(c) one doe pronghorn permit, except in areas where two-doe permits are available; and

(d) one antlerless moose permit.

(2) An eligible person who obtains an antlerless elk permit in the drawing may obtain a second antlerless elk permit when antlerless permits remaining after the drawing go on sale beginning July 26, 2007, on a first-come, first served basis through license agents, Division offices and online at *wildlife.utah.gov*. See Section IV.B(3) for eligibility details.

B. Antlerless application and drawing procedure

1. Application deadline

R657-5-57

(1) Beginning in 2007, paper applications will no longer be accepted for the antlerless drawing. Online applications will be available at *wildlife.utah.gov*.

(2) Any person who applied online in previous years may receive a reminder of the upcoming application period.

(3) Residents and nonresidents may apply for, and draw the following permits, except as provided in Subsection (5) & Section II.B.2:

(a) antlerless deer;

(b) antlerless elk;

(c) doe pronghorn; and

(d) antlerless moose.

(4) A youth may apply in the antlerless drawing as provided in Subsection (3) or Section II.B.2, Youth age requirements; and Youth antlerless deer, antlerless elk and doe pronghorn drawing process.

(5) Any person who has obtained a pronghorn permit, or a moose permit

Applying online is quick and easy!

The only way to apply for an antlerless permit is online at *wildlife.utah.gov*. There are many advantages to applying online:

- you can apply from your home or office
- you can submit your application within minutes and receive an e-mail confirmation
- your application won't be lost in the mail
- the online application alerts you if you make an error
- the online application provides you with the correct hunt numbers
- drawing results will be sent to your e-mail address
- you'll receive a reminder the following year of that year's antlerless application period

may not apply for a doe pronghorn permit or antlerless moose permit.

(6) A person may not submit more than one application in the drawing per species as provided in Subsection (3).

(7) Only a resident may apply for or obtain a resident permit and only a nonresident may apply for or obtain a nonresident permit, except as provided in Section II.B.5., Antlerless big game drawing and Section II.B.7., Antlerless permits remaining after the drawing.

(8) Applications must be submitted online by 11 p.m. June 19, 2007.

(9) Any person who applies for a hunt that occurs on private land is responsible for obtaining written permission from the landowner to access the property. To avoid disappointment and wasting the permit and fee if access is not obtained, hunters should get written permission before applying. The Division does not guarantee access and does not have the names of landowners where hunts occur. Hunts that occur primarily on private land are indicated by an asterisk in the hunt tables.

(10) To apply for a resident permit, a person must establish residency by the date of purchase.

(11) Drawing results will be available on June 29, 2007, which is considered the date of purchase.

(4) Antlerless deer, antlerless elk, and doe pronghorn permits are not considered limited entry or cooperative wildlife management unit permits for purposes of determining a 12- or 13-year-old's eligibility to apply for and receive permits through a public drawing under Section 23-19-22(3).

(5) Any reserved permits remaining and any youth applicants who were not selected for reserved permits shall be returned to the Antlerless Drawing.

3. Fees for antlerless applications

R657-5-58 & R657-42

(d) A permit which is deemed void in accordance with Subsection (b) may be reissued by the Division to the next person listed on the alternate drawing list.

(5) A license or permit received by a person shall be deemed invalid if payment for that license or permit is not received, or the credit or debit card is invalid or refused.

(6) Hunting with a permit where payment has not been received for that permit constitutes a violation of hunting without a valid permit.

(7) Any person who fails to pay the required fee for any application, license, permit or certificate of registration, shall be ineligible to obtain any other license, permit, tag, or certificate of registration until the delinquent fees and associated collection costs are paid.

4. Applying as a group

(c) if one or more members of the group are rejected due to an error other than fees, the members with valid applications will be kept in the draw-

Bonus points

R657-5-37A

Bonus points in the antlerless drawing apply to antlerless moose only. A bonus point is awarded for each unsuccessful application to hunt antlerless moose.

An individual who does not want to hunt antlerless moose in the current year may apply for a bonus point only by inserting the appropriate hunt choice code (ANM) on the application and paying the \$5 handling fee.

If you are eligible for an antlerless moose permit, you are eligible to apply for an antlerless moose bonus point.

If you apply for an antlerless moose permit AND a bonus point, your application will be rejected.

How your bonus points work in the draw:

Fifty percent (rounded down) of the permits for each hunt unit number are reserved for applicants with the most bonus points.

You receive one random drawing number for your antlerless moose permit and one for every bonus point you have for antlerless moose. Your lowest random number is used in the drawing.

In the draw for antlerless moose, applications are sorted into groups by the number of bonus points, from highest to lowest—a 3 bonus point group, a 2 bonus point group, etc. Applications are sorted from lowest to highest draw number and permits are awarded in order.

You may surrender an antlerless moose permit prior to the season opening date, for the purpose of waiving the waiting period normally assessed and reinstating the number of bonus points, including a bonus point for the current year (just as if a permit had not been drawn).

The Division began tracking bonus points of all antlerless moose application information in 2006.

You cannot apply for a hunt or receive a bonus point if:

- you are currently under wildlife license suspension for big game hunting; or
- you are currently under a waiting period for that species.

A complete copy of these regulations (R657-5-37A) can be found online at wildlife.utah.gov/rules.

ing, unless the group indicates on the application that all members are to be rejected.

5. Antlerless big game drawing

R657-5-59

(1) Permits are drawn in the following order:

- (a) antlerless moose;
- (b) youth permits for antlerless elk, antlerless deer, and doe pronghorn;
- (c) antlerless elk;
- (d) antlerless deer; and
- (e) doe pronghorn.

(2) If permits remain after all choices have been evaluated separately for residents and nonresidents, a second evaluation will be done allowing cross-over usage of remaining resident and nonresident permit quotas. (For example, if nonresident permits are available for a certain hunt, they will be filled by residents who were unsuccessful in the drawing for the same hunt.)

(3)(a) Applicants will be notified by mail or e-mail of drawing results by June 29, 2007.

Preference points

R657-5-37B

Preference points are used to ensure that applicants who are unsuccessful, or who apply for a preference point in the antlerless drawing for antlerless deer, antlerless elk and doe pronghorn, will have first preference in the next year's drawing for the respective permits.

Preference points in the antlerless drawing apply to antlerless deer, antlerless elk and doe pronghorn hunts only. A preference point is awarded for each unsuccessful antlerless deer, antlerless elk and doe pronghorn application.

An individual who does not want to hunt antlerless deer, antlerless elk or doe pronghorn in the current year may apply for a preference point only by inserting the appropriate hunt choice code (AND, ANE and ANP, respectively) on the application and paying the \$5 per point handling fee. The application period is May 23–June 19, 2007.

If you are eligible for an antlerless deer, antlerless elk or doe pronghorn permit, you are eligible to apply for a preference point for that hunt.

If you apply in the antlerless drawing for a permit AND a preference point for the same species, your application will be rejected.

A preference point will not be issued if an applicant is successful in drawing for the respective permit.

Preference points are not forfeited if an individual obtains a remaining permit.

The Division began tracking preference points of all antlerless deer, antlerless elk and doe pronghorn application information in 2006.

How your preference points work in the draw:

In the drawing, the antlerless deer, antlerless elk and doe pronghorn applications are sorted into groups by the number of preference points, from highest to lowest—a 4 preference point group, a 3 preference point group, etc. Within each group of preference points, the applications are then sorted from lowest to highest draw numbers. Permits are awarded in order, based on the hunt choice selected.

Preference points are averaged and rounded down when two or more applicants apply as a group. For example, if hunter A with three preference points and hunter B with zero preference points apply as a group, the preference points are averaged (1.5) and rounded down to one. This process will determine in which group of preference points your application will be considered. Hunters with one preference point will be considered only after all groups or individuals with two or more preference points and before all groups or individuals with zero preference points.

In a second example, if hunter A with one preference point and hunter B with zero preference points apply as a group, the preference points are averaged (0.5) and rounded down to zero. This process will determine in which group of preference points your application will be considered. This group with zero preference points will be considered after all groups or individuals with one or more preference points have been considered.

An individual may surrender their antlerless deer, antlerless elk or doe pronghorn permit prior to the season opening date for the purpose of reinstating the number of preference points, including a preference point for the current year (just as if a permit had not been drawn).

You cannot apply for an antlerless deer, antlerless elk or doe pronghorn permit or a preference point if you are currently under wildlife license suspension for big game hunting.

A complete copy of these regulations (R657-5-37B) can be found online at wildlife.utah.gov/rules.

(b) Drawing results may also be obtained by calling Utah Wildlife Administrative Services toll-free at 1-800-221-0659 24 hours a day, 7 days a week.

- to obtain permits (please allow 10 to 14 days for processing); or

- (b) over-the-counter at any Division office.

- (5) CWMU permits are valid only for the CWMU specified on the permit.

More than 60 percent of the state's big game winter range occurs on private land. The increasing development to satisfy human needs on these ranges will significantly reduce Utah's big game herds and recreational opportunities unless actions are taken to preserve these lands. The CWMU program has been developed to help in the preservation effort.

How the program works:

The CWMU program provides economic incentive to landowners to keep private range and forestlands in wildlife habitat rather than succumbing to development. CWMUs also allow for free public hunting access onto the private lands enrolled in the program.

CWMUs comprise more than two million acres of land and will provide nearly 3,100 hunting permits for bucks and bulls in 2007. About 15 percent of these permits will be provided to the general public through a drawing. There are also 1,662 antlerless permits provided, 1,289 of which are available for the public to draw.

Both private and public hunters generally enjoy greater hunting benefits on CWMUs in the form of improved harvest success and reduced hunter competition.

How to participate:

Successful applicants must contact the CWMU operator to obtain the

following:

- (a) Hunting dates of guaranteed access within the legal CWMU hunting season framework. Realize that both the operator and the hunter must schedule around individual needs—be realistic and patient.

- (b) A map of the CWMU showing access and the acreage you will be allowed to hunt. Comparable acreage should be available to private and public CWMU hunters.

- (c) A copy of rules—CWMUs are allowed to develop rules of conduct for their unit. Examples of requirements may include: no pre-season scouting, checking into and out of the unit daily, limited vehicle access, no over-night camping, a marksmanship test, limiting the number of hunting companions, etc. Hunters may be asked to leave a CWMU for failure to abide by reasonable rules of conduct.

Complaint process:

Hunters wishing to lodge complaints against a CWMU should contact the Division immediately. Biologists and conservation officers have access to complaint forms. Otherwise, the complaint may be made in person or over the telephone. Because time is of the essence, it is expected that the hunter and the operator will make every effort to resolve issues before they escalate to the Division level. If a problem cannot be resolved locally, it may be passed on to a CWMU Advisory Committee.
